

4.48 Recognising target vocabulary – weight

Topic: Measurement

Subtopic: Weight

Activity type/skill: Bingo

Literacy focus: Vocabulary

Objective

- Recognise form and pronunciation of words.

What you need

- Student worksheet (see next page)

What to do

1. Write these words on the board –

- gram
- kilogram
- tonne
- weight
- light
- heavy
- balance
- scales
- mass
- gravity
- standard
- weigh

and have students choose any nine and write one in each box in the first card on the student worksheet.

2. Call out the words from the board in random order for students to put a line through the word on their card. The first student with all words crossed out wins.
3. Play again with words from the target vocabulary using the second card.

Activity forty-eight
