

## 5.6 Finish this sentence

**Topic:** Weather

**Subtopic:** Climate

**Activity type/skill:** Word forms

**Literacy focus:** Vocabulary

### Objective

- Become familiar with different forms of target words.

### What you need

- Student worksheet (see next page)

### What to do

1. Look at the student worksheet and talk about the words from the word list, then help students place the words in the correct spaces using word length as a check on accuracy.
2. Have them complete the exercise in pairs or as a class group. Once they have agreed on the correct answers, have them read the sentences aloud. Explain that they may often be able to make corrections to their work by reading aloud to test whether it 'sounds right'.
3. Have a student read each section aloud, helping them pronounce the words accurately.

## Activity six

<p>even evenly uneven</p>	<p>When you write you need a flat, _____ surface to write on. If the surface is _____ you will find it hard to write. When you write you must press down _____ on the paper.</p>
